Giants In The Land Part 2

Legends usual I y have some
Truth to them. I n our I esson
Today we wi I I expl ore Greek
Mythol ogy for a I esson i n
Gi ants by way of Hercu les.

- A. Present day modern man which averages about 6-feet tall + or - several inches or more.
- B. 15-foot human skeleton found in southeast Turkey in late 1950's in the Euphrates valley during road construction. Many tombs containing giants were uncovered here. This pertains to the picture of the giant human femur and myself above.
- C. Maximinus Thrax Caesar of Rome 235-238 A.D. This was an 8' 6" skeleton.
- D. Goliath was about 9 feet + or - a few inches. I Samuel 17:4 late 11th century.
- E. King Og spoken of in Deuteronomy 3:11 whose iron bedstead was approximately 14-feet by 6-feet wide. King Og was at least 12-feet tall, yet some claim up to 18.
- F. A 19'6" human skeleton found in 1577 A.D. under an overturned oak tree in the Canton of Lucerne.
- G. 23-foot tall skeleton found in 1456 A.D. beside a river in Valence, France.
- H. A 25' 6 " skeleton found in 1613 A.D. near the castle of Chaumont in France. This was claimed to be a nearly complete find.
- I. Almost beyond comprehension or believability was the find of the two separate 36-foot human remains uncovered by Carthaginians somewhere between 200-600 B.C.

Giants In The Land Part 2 – The Coming Of The Giants

Today we want to ask and answer some questions about giants so that you will have the details you need to understand them.

Question 1: How do you make a giant?

Answer: You mix the genes of human women with the genes of angels. Angels are always male in gender in the Bible.

Question 2: What happened to the first giants?

Answer: They were destroyed in the flood of Noah.

Question 3: What was the purpose of making giants?

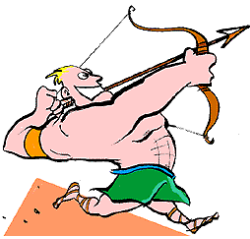

Answer: Satan's plan in creating the giants was to corrupt the blood line of mankind by mixing it with angel DNA. Satan wanted to corrupt the blood line of mankind because God had promised to send his Son to the earth to take on the form of man. By corrupting the ancestry of Christ he could prevent Christ from coming to the earth as a man.

Question 4: How big were the giants?

Answer: From what we know from archeology ^{the scientific study of material remains} some giants were as tall as 36 feet! If you stood one of these in your living room your ceiling would come to his shins!

Question 5: What about the giant legends ^{a story coming down from the past?}

Answer: There are legends about giants from all over the world. Legends usually have a basis in truth. The truth is told and the story grows and grows until it becomes legend. The central truth about the giants is the mating of Angels ^{always male} with human women. One of the best known legends are the Titans ^{Greek for giant} of Greek mythology. Let's take a look at one of these well known legends and see if we can find the truth hiding in the legend.

Hercules: Hercules was the Roman name for the greatest hero of Greek mythology. Like most authentic heroes, Heracles had a god ^{angel?} as one of his parents, being the son of the supreme deity Zeus and a mortal ^{human} woman. Hercules was an unerring marksman with a bow and arrow, a champion wrestler and the possessor of superhuman strength. Heracles was the only Titan to become a full-fledged god upon his death. Sounds to me like what Satan wants too!

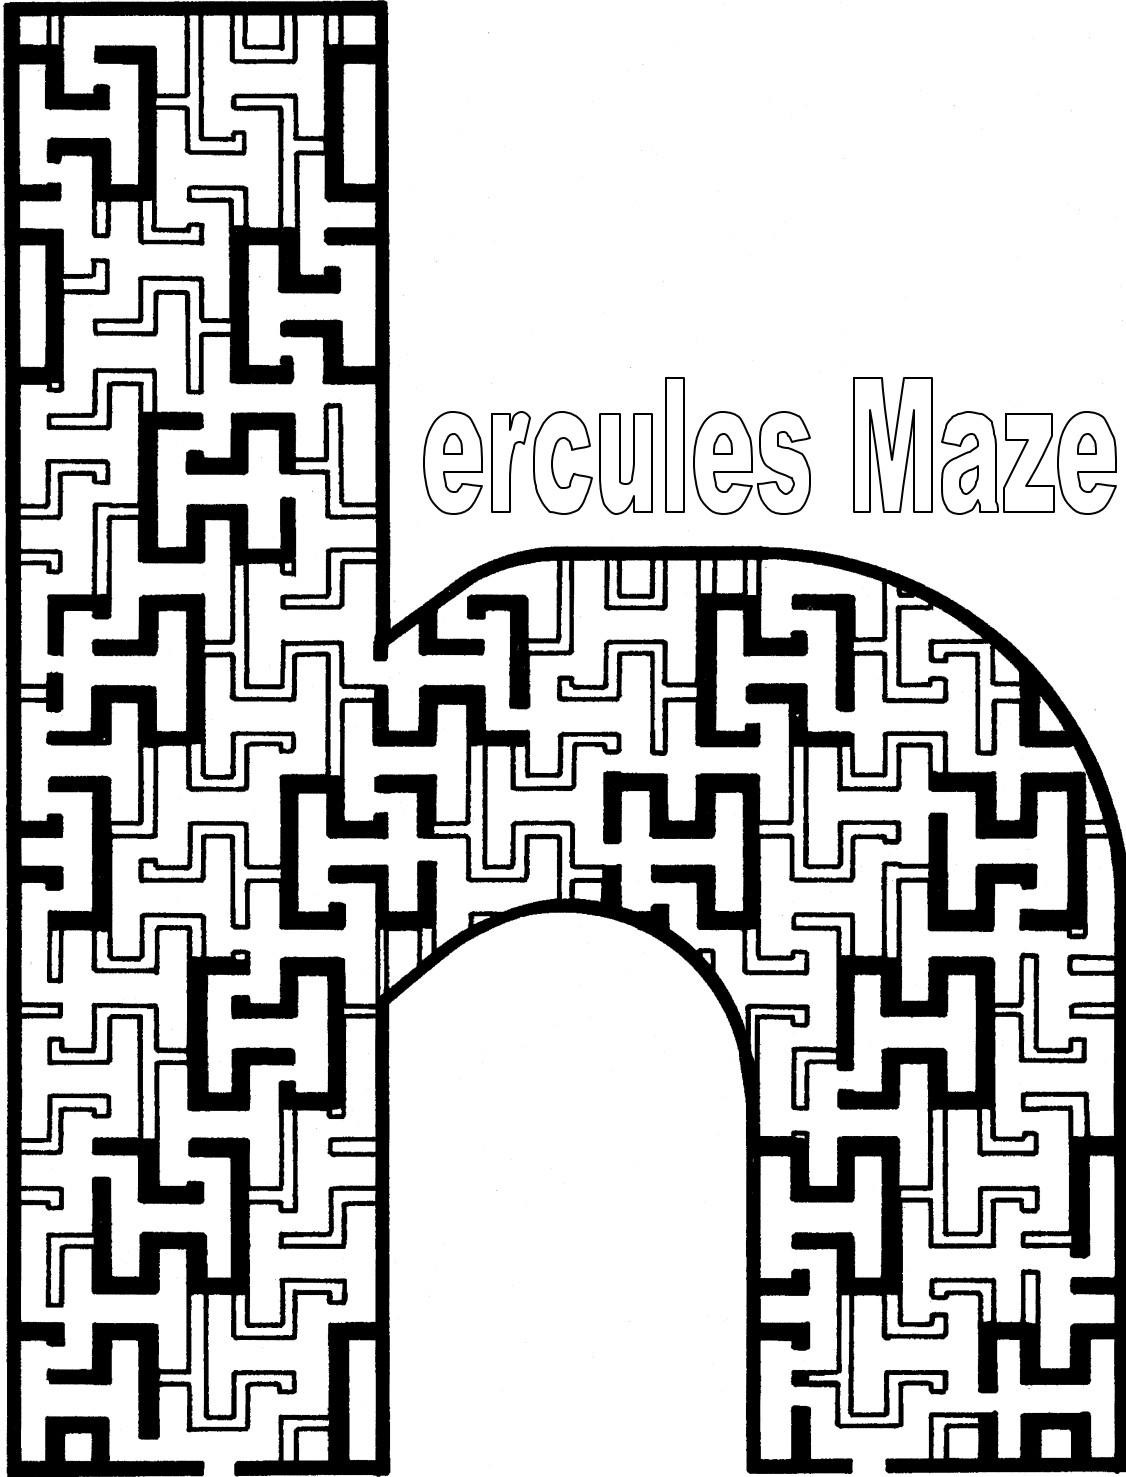

Question: Will giants really return again?

Answer: Yes they will, according to Daniel. They will be just as evil as the fallen angels they come from. If you are saved you don't worry too much about them because the rapture ^{the catching away of the saved to heaven} will take place before then.
